# SNIPSA'S RACE FOR THE RESCUES

## Background

In 2008, SNIPSA introduced an innovative, competitive 5K race where participants could participate and earn recognition with (or without) their dogs. The Annual Race for the Rescues was born and quickly became the top fundraising effort that we organize each year. Proceeds from the race provide funding for homeless and abandoned animals and spay/neuter outreach, all right here in our community.

## The Mission

SNIPSA's mission to Rescue, Rehabilitate, Re-home, and encourage Responsible pet ownership is essential to not only the animals suffering in our community but also to the City of San Antonio's goal of becoming No-Kill. To continue our mission, SNIPSA has done and continues to do the following:

- Re-homed more than 14,000 dogs/cats through a foster-based adoption program
- Visits kill shelters to remove adoptable animals from death row on a weekly basis
- Provided specialized medical care for 2,000 dogs with heartworm disease, 2,500 dogs with mange and ringworm, 500 dogs with broken bones, 125 amputations, hundreds more suffering from parvo and infectious disease, and housed countless nursing mothers and their offspring
- Provided over 18,500 FREE spay/neuter surgeries, vaccination, and microchipping services for targeted areas of San Antonio
- Currently the only organization providing large scale MASH-style surgery for the community where 450 dogs/cats are sterilized at each Big Fix clinic
- With only six full-time employees, SNIPSA recruits hundreds of volunteers to assist with its life-saving efforts

## Your Sponsorship

Your support of our upcoming Race for the Rescues directly benefits homeless and unwanted animals and makes our neighborhoods and community better places to live. Be a part of the solution and help SNIPSA save more lives.

Benefits the **homeless** and **abandoned animals** in our **community** needing specialized **medical care** as well as **spay** and **neuter** outreach.
